# School and Sport Partnerships' Conference '08

PLAYING  
YOUR PART  
IN THE TEAM

This year's Youth Sport Trust School and Sport Partnerships' conference is bigger and better than ever! The conference will focus on the incredible team work it takes to provide PE and sport for young people and will be exploring these essential team roles and how they support each other.

Held at The International Centre, Telford, the two-day event will explore five themes, including curriculum, leading, volunteering and coaching, school to community, competition and infrastructure. The conference will bring together colleagues from School Sport Partnerships, County Sport Partnerships and National Governing Bodies.

The conference will celebrate the work of the Physical Education, School Sport and Club Links (PESSCL) Strategy and look towards the future as we embark on the Physical Education and Sport Strategy for Young People (PESSYP).

Updates on all Youth Sport Trust programmes will be provided and delegates will have the opportunity to visit an exhibition featuring the latest innovations in PE and sport. The conference takes on a new look this year with more space for interactive areas, including an exciting UK School Games demonstration area that will showcase the

fantastic sports of this year's Games. The annual School and Sports Partnerships' Conference Development Awards will be presented to the winning School Sport Partnerships at the celebration dinner.
