

HSBC | Rugby Counts

**Bringing Together
Financial Education
and Sport**

Welcome to the HSBC Rugby Counts programme, combining financial capability with physical education and the sport of rugby to make learning purposeful, fun and active.

Get Involved

With a focus on learning within the classroom, on the playground or field and at home as a family, each week there will be a financial theme that will link the learning.

Things to do at home:

There will be physical challenges, fun activities, talking tasks and real life examples for everyone to get involved in.

Look out for your child bringing home their HSBC Rugby Counts midi rugby ball and Try it! Convert it! Money and Movement Tracker. Have fun getting active and help your child to record and earn points towards their goal.

Week	Financial theme	Home learning focus
1	The value of money	Saving for things and emergency funds
2	Making choices: Needs and wants	Everyday decisions and priorities
3	Ways to pay	Trip planning and spending decisions
4	Budget management	Sticking to a budget: Meal planning
5	Protecting money	- Spotting the clues of fraud - Sportsmanship and cheating in sport
6	Planning for the future	Researching jobs
