# WHY VOLLEYBALL

## What are the benefits of playing my sport?

Volleyball is the only high-energy, zero body contact, mixed team sport you can play indoors and outdoors – whatever your ability.

## TOP Tip!

Volleyball can be played anywhere as long as you have a ball, two teams and a net – in the school sports hall, on the fields, in parks, or even on the beach! The following game formats are designed to be accessible, enjoyable and active for everyone.

# VOLLEYBALL

**Spirit of the Games:**  
**Excellence through competition**  
How does your sport exemplify these values?

Volleyball is a fast and exciting game — it is as thrilling to block the attack of an opponent, or defend a ball as it is to score a point with a powerful spike! This means that the game is noisy, energetic and exciting for all players!

In volleyball, only the captain is permitted to talk to any of the officials during the match. They can only ask for decisions to be confirmed.

If the ball touches the hands of a player after a spike it can be too quick for the referee to see. It is expected that players will raise their hand to admit a touch should this happen.

When a player goes to the service line they have to perform, get the ball over the net and in court. Players must believe in their own ability when the pressure is on in a game.

Teams aim to touch the ball three times before it goes back over the net. As the ball cannot be touched twice in a row by the same player you need to work well with your team-mates.

Show your opponent you'll never give up by working your hardest to always get a defensive touch on the ball before it hits the floor.

## Competition Card 3. **Secondary**

### Name of competition:

**Super Mini Volley**

### Age group:

**Year 9 and 10 (under 15)**

### How to enter:

**Local competitions through SGO**

### Tournament format:

**Super Mini Volley Grand Prix (central venue festival). A central venue festival where teams play each other in a round robin format.**

### Simple rules:

- 4v4 team format.
- Matches are one set to 25 points (two points clear) or 15 minute timed game. This is dependent on entries and time permitted at venue.
- Teams play together throughout the festival.
- Play on a doubles badminton court (6.10 x 13.4) net height 2.15m. Courts size can be reduced depending on local need.
- Mixed or single gender.
- Four badminton court hall recommended, with long net slider system.
- A catch could be allowed on the first contact in each point to help develop rallies and defensive skills.
- An under arm serve or throw could be allowed to increase the success of the serve.

### Roles for young people:

Young people that have completed the Young Leaders, Young Referee and/or Young Event Leaders courses could:

- **Plan competitions or festivals**
- **Deliver competitions or festivals**
- **Assist with coaching**
- **Team manage**
- **Officiate**

Volleyball lends itself to other roles such as:

- **Statistician, how many aces were served, how many spikes won, points etc**
- **Reporter, writing match reports which include photographs.**

### How can regularity be achieved?

Progress the central venue festival to a central venue league, increasing the opportunities to play (recommend eight matches a season). Can be played any/all terms, indoors or outdoors.

### How can depth in competition through extra teams be achieved?

The Grand Prix Format allows for young people to play several games in one fixture, building excitement. Local decisions can be made to 'seed' teams to create balanced competitions, e.g. a 'strong' schools C team could play against a 'novice' schools A team.

### Think inclusively!

Super Mini Volley can be played as a 4v4 version of the Paralympic form of the sport: sitting volleyball. The net should be lowered to around 1.15m. Players use the same skills and team work but must remain seated on the floor whenever the ball is in play. Super Mini Volley can be made more inclusive by using a larger, lighter ball that flies more slowly through the air, or by making the court smaller and easier to defend. A catch could also be allowed on all three contacts on the ball.

### County Final - Inter School Competition (Level 3)

Winners from local School Games festivals should qualify for the County Final - Inter School Competition (Level 3) event. Mini Volley can be played indoors, outdoors or on the beach at any time of the year and fit into the competition calendar at any point!
