# Ignite, Unite, Excite

## Ignite - Why it matters?

Connect our networks with their own relationship with movement and physical activity to better understand what we mean by the term, considering what it means personally and professionally.

## Unite - What can we do differently, together?

Develop consistency of understanding which impacts consistency of policy and practice to ensure positive movement experiences for all.

## Excite - How to build momentum, create ripples

Empower and elevate examples of impact, creating more advocates.

# Toolkit in action
