

#Together

JIGSAW AND ARROWS

Combine the fun of a scavenger hunt with the challenge of puzzle solving.

THINK INC
Include alternative
routes around rough
or sloping ground for
those with mobility
impairments.

How to play:

- Use a large puzzle or create one by cutting up a picture into pieces.
- Set out a trail using the image as inspiration.
- Place the pieces in envelopes around the trail (like controls in orienteering).
- Keep a look out for the controls, take the piece and follow the arrows to the next control.
- Visit all the controls and see if you can piece together the jigsaw.
